

**Kansas Department of Health and Environment
Bureau of Waste Management**

**2014 Waste Tire Management Grant
Registered Products and Distributors**

KDHE staff has compiled this list of products based on a successful registration by the applicant. KDHE does not guarantee the quality of any of the products listed here, but we do maintain samples, tests and specifications as submitted by the company.

When selecting a playground surfacing product, please verify that:

1) it qualifies for a playground surface in this grant by having a valid ASTM 1292 test on file with KDHE (noted as playground material in the listing.) **2) it meets the fall height criteria for your equipment. IMPORTANT NOTE:** Please request your own samples, and use discretion when choosing a product to purchase.

When selecting a playground surfacing product that is advertised as accessible, please verify that: **1) it qualifies as accessible by having a valid ASTM1951 test on file with KDHE** (noted as ASTM 1951 on file in the list)

Any changes to product selection after the award has been granted must be approved by the KDHE Bureau of Waste Management grant program. Changes without approval may result in the loss of funding.

All the registered products under each manufacturer have been given a “code” by KDHE. ***Please use the code and have a quote from the distributor on an official form or letterhead identifying the company and stating both the weight and the coverage of the tire-derived rubber product.***

All of the registered distributors of those products are listed under the product listing. **If a distributor is not listed (registered), they cannot be used in your grant application or purchase.**

*****MANUFACTURER has a “business presence” in Kansas.**

Product “Made in Kansas” or “Made with Kansas tires,” or “Not made with Kansas tires.”

CODE Trade name DESCRIPTION (playground qualified) (Not playground qualified)

Registered distributors are listed below the company description.

Kansas waste tire grant approved product and distributor list **2014**

**This grant is limited to molded or extruded products, play surfaces and horticulture.*

KDHE CODE	PRODUCT NAME	MANUFACTURER (Contact details listed below)	SIZE	DESCRIPTION	COLOR	TESTING	TIRE SOURCE	NOTE:
